### PROFILE

As a Junior Software Developer,. I have expertise in programming languages such as C++, Java and Python. My biggest achievement is developing a software solution for an e-commerce platform which provided an increase in efficiency and accuracy of their sales online.

I am a fast learner and can quickly adapt to new technologies. I have excellent problem-solving skills and always strive for the best results. I am able to work independently as well as collaboratively in teams. Additionally, my strong communication skills help me to effectively convey my ideas.
